**Related subject:** St George Central Ward

My ward should be called Speedwell. It should include ESVH and ESGV and HILE polling districts because then Bristol Brunel Academy school would be inside the ward and the feeder area for the school makes more sense.

The area South of Clouds Hill Rd, Bell Hill Rd and Two Mile Hill feels more like like it should be part of Troopers Hill Ward which should be come a 2 cllr ward and include SGCE, F, G and possibly C. If this is too radical then at least the area South of Summerhill Rd should be come Troopers Hill.

St George Central doesn't currently have many facilities in it, such as a secondary school, a large park, a library or a proper high street, so this would balance out the councillor responsibilities across the city a bit more.
