I am happy with the current ward boundary even if it is bigger than it should be. I do not want to inherit LOCF or ESTA or ESTC. HILE is not complimentary to Eastville as the demographics is not compatible.

I have been a councillor since 2021, so I am confident in my understanding of the ward I serve.

The constituency boundary North East has been very problematic, as I do not think boundary reviews are fair or reflective of the needs of the residents.
