Related subject: Bedminster ward

I can't manipulate the map support a scenario of creating a new ward in my area. I would add the roads between Duckmoor Road , North Street and Greville Smyth Park to the current Bedminster ward (perhaps renaming it as Ashton, then create another ward between West Street, St John's Lane and Novers Hill. This would include Parson Street School, Marksbury Road library and Bedminster road - all places people identify as being Bedminster. I have attached a rough map.
