Postcode: [REDACTED]
Organisation Name: (Member of the public)

Comment text:

We live in the centre of town: Christmas Steps, Colston St.
The council have re-routed two of our access roads, to make them one way. This makes it MUCH harder to get to our property.
The council has also rerouted turning from these roads making it illegal to do normal turns.
The council has also removed parking spaces meaning that even if you have a parking permit (we do) you can almost never find parking.
The council also put up the COST of the permit by FIVE TIMES in one year.
The council also changed collection times of rubbish and recycling making rubbish harder to remove.
The council also blocked lanes all along Park Row meaning there is increased traffic and congestion and pollution throughout the area.
The council are planning to PUT UP TAX.
The council put a CAZ charge on the whole area, meaning normal people have to pay to access the area.
The council have made it harder to live here, work here, get here, park here, or do anything in the area.
They have spent millions on other traffic blocking schemes throughout the city, making congestion, access and pollution worse.
They are the most incompetent, money wasting council in the history of Bristol and must be removed!
