Comment text:

Related subject: Ward boundaries

I live at Comb Paddock which is currently southmead ward but was previously Westbury on Trym. Because of our location, me and my neighbours use facilities including GPs and shops in Westbury or henleaze. Southmead shops are further away and Badocks wood acts as a natural boundary and shared space between communities. In elections I find myself voting for a community I don't live in whilst I do appreciate the work of the Southmead councillors.
