## Comment text:

**Related subject:** Easton & Lawrence Hill

These two wards are too big for the councillors to adequately understand the needs and concerns of all residents. I think it would help if the border was placed along Church Road. In my opinion, a horizontal border instead of the vertical one between these two wards, better reflects the communities within. Or split the two wards into three. My current councillors are based in Easton and don't appear to be interested in hearing about issues, or helping residents in my area - Netham Park / Avonvale Road.
