I am writing as one of the town councillors for Littlemoor on Weymouth Town Council. I grew up in Preston, served on the village hall committee, and ran the Preston Youth Club, but I have lived in Littlemoor for around 40 years.

I own and operate the local hardware store in Littlemoor Shopping Centre, where I engage with residents on a daily basis.

While I understand that Littlemoor, Bincombe Park, Preston, and Sutton Poyntz are all distinct communities, I believe that having them together in a two-member ward provides better representation for all areas, particularly as they continue to grow closer over time.

I believe that separating them would have a negative effect on the community as a whole and would reinforce outdated and unhelpful stereotypes.
