Related subject: Furzehill

Furzehill in its entirety should be part of the Stour & Allen Ward.
The reason being that it is a rural community more akin with its neighbouring village of Holt rather than Colehill.
This alignment was reflected in Furzehill's incorporation into Holt Parish in 2024.

Incorporating the entirety of Furzehill into the Stour & Allen Ward would also acknowledge the links Furzehill has with the adjacent community of Gaunts Common, where the first school "St James" catchment area includes Furzehill, and where my children and many others in Furzehill went. Likewise the Holt Parish and community halls that holds functions for Furzehill residents.

Finally, given that as of 2024 Furzehill is now in Holt Parish, it does not make sense to exclude it from the same ward as Holt is in.
