Related subject: Furzehill

Furzehill is a rural community in keeping with its neighbouring village of Holt rather than Colehill and so should be part of the Stour & Allen Ward. Currently only part of Furzehill is in Stour & Allen Ward, so it would be much better if all of Furzehill was in the same ward. In 2024 Furzehill was incorporated into Holt Parish as it was decided that Furzehill as a community and location was more aligned to its neighbouring community of Holt, than Colehill, so the same justification should be applied to moving Furzehill to Stour & Allen Ward. Incorporating the entirety of Furzehill into the Stour & Allen Ward would also acknowledge the links Furzehill has with the adjacent community of Gaunts Common which contains the first school of St James in who's catchment area Furzehill lies, and to which many of Furzehill's children (including mine) have been and many still go to.

Thank you.
