Sheffield Local Boundary Review - Sheffield Central Labour Party Submission on Warding

About you:
Sheffield Central Labour Party is Labour's constituency organisation for the four wards of Walkley, Nether Edge and Sharrow, Broomhill and Sharrow Vale and City, in the Centre of Sheffield.

This submission on warding arrangements is based on the decision to retain the council size at 84 councillors in 28 wards, with the population of Sheffield is forecast to be 414,897 electors by 2032, with this meaning that an average ward size is 14818

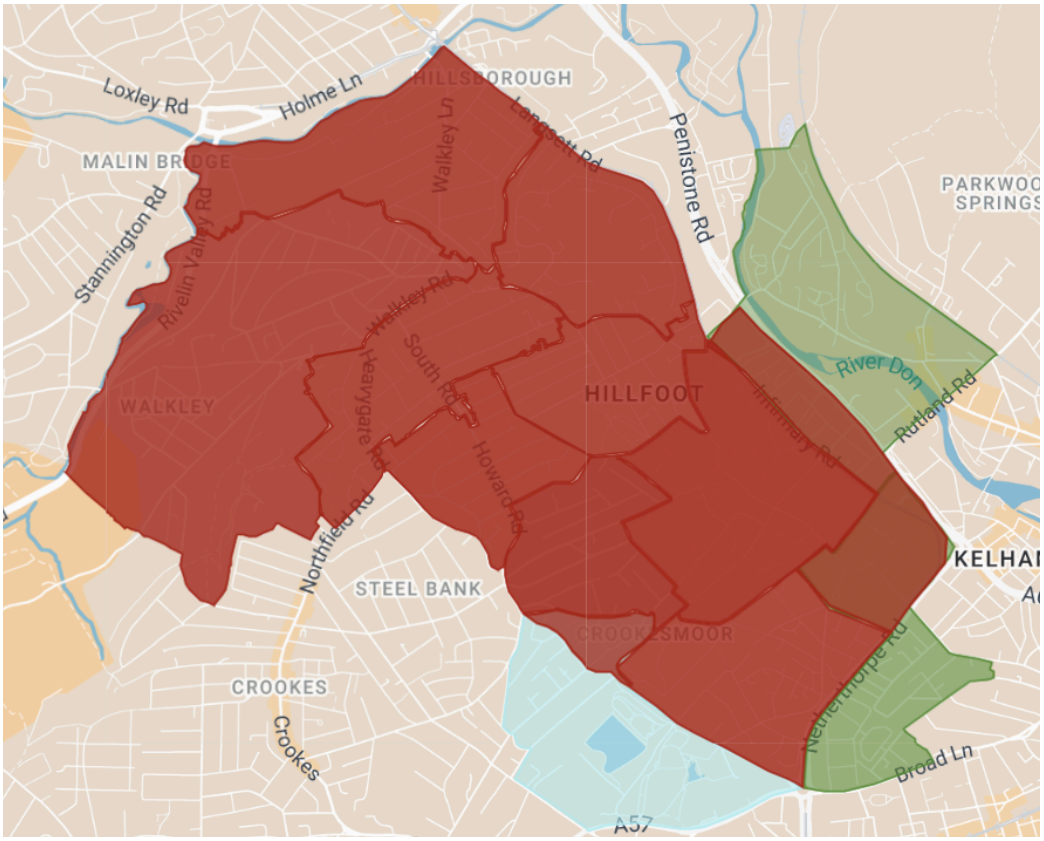

Proposed new boundaries for the 4 wards of Sheffield Central

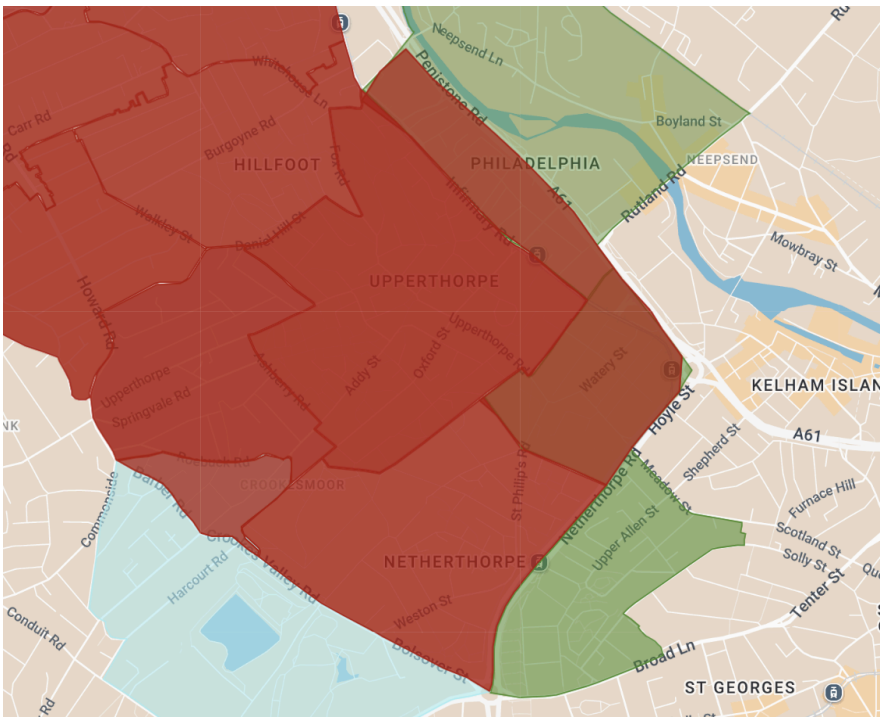

Walkley

Electors: 14705 electors (deviation from average -0.76%)

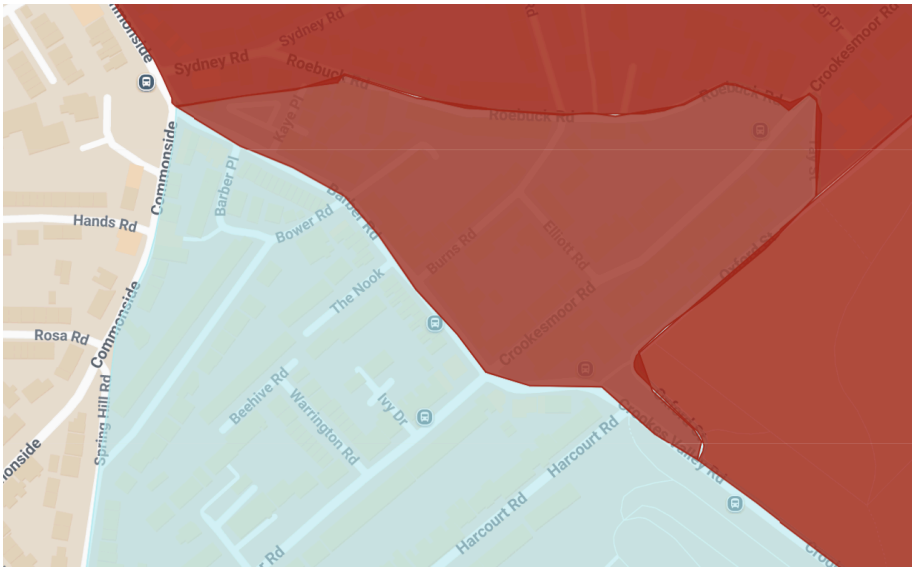

Changes: ZG is split along the boundary of the ring road, with the part inside the ring road going into City ward, and the part outside remaining in Walkley. The Broomhill EE box is split, with the part north east of Barber road (Burn road, Roebuck road and Crookesmoor road up to Barber road including side streets) move into Walkley. The Hillsborough QI box is split with the area South West of the A61 (Along Infirmary road) going into Walkley.

New boundary of Walkley ward, with the area in red forming the boundaries of the new ward, with the ring road and A61 forming a new barrier for the ward.

The new boundary around the ring road and A61

The new boundary along Barber road, with Burns Road, Roebuck Road, Elliot Road, Tay Street and the parts of Oxford Street and Crookesmoor Road below Barber road moving into Walkley

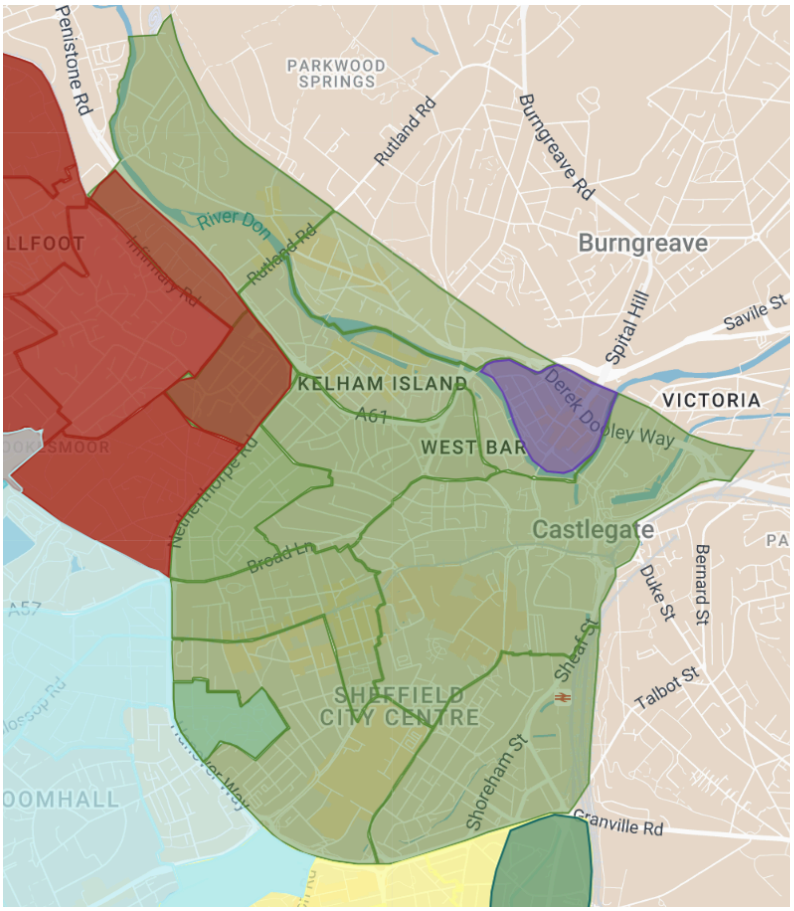

Rationale: This proposal moves the boundary of the ward to the natural boundary of the ring road and moves all the area east of Crookes Valley Road/Barber road into Walkley ward.

Alternative: No change, 15537 (+4.85% deviation)

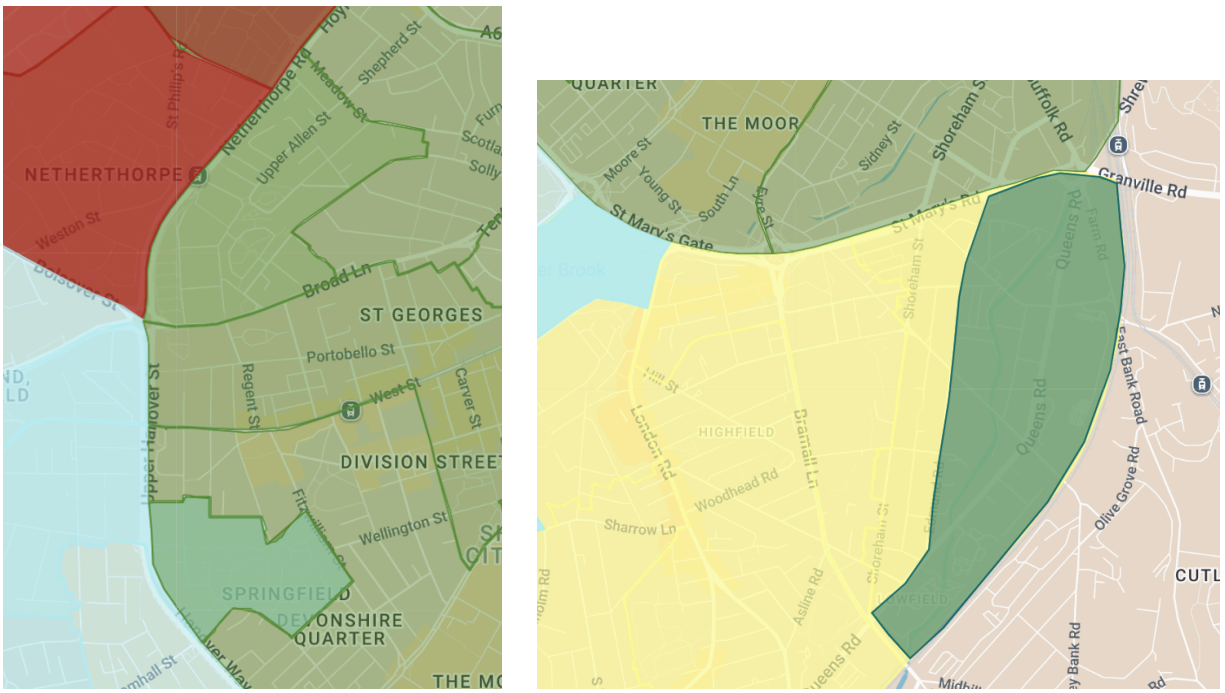

City and Kelham Island

Electors: 15904 electors (deviation from average +7.33%)

Changes: The City ward boxes GB and GD move out of the ward, with GB moving into Nether Edge and Sharrow, and GD being split, with area west of Edmund Road moving in Nether Edge and Sharrow, and the roads east of Edmund Road moving into Park and Arbourthorne. Part of the GE box along Nursery Street and Wicker will move into Burngreave ward. The Neepsend part of QI box from Hillsborough ward, and the parts inside the ring road of ZG box in Walkley and EJ box in Broomhill and Sharrow Vale ward would be moved moving into the newly named City and Kelham Island ward

New ward boundaries for the City and Kelham Island ward

New boundary along the ring road, with part of ZG and EJ moving into the ward, and GB and GD moving out of the ward.

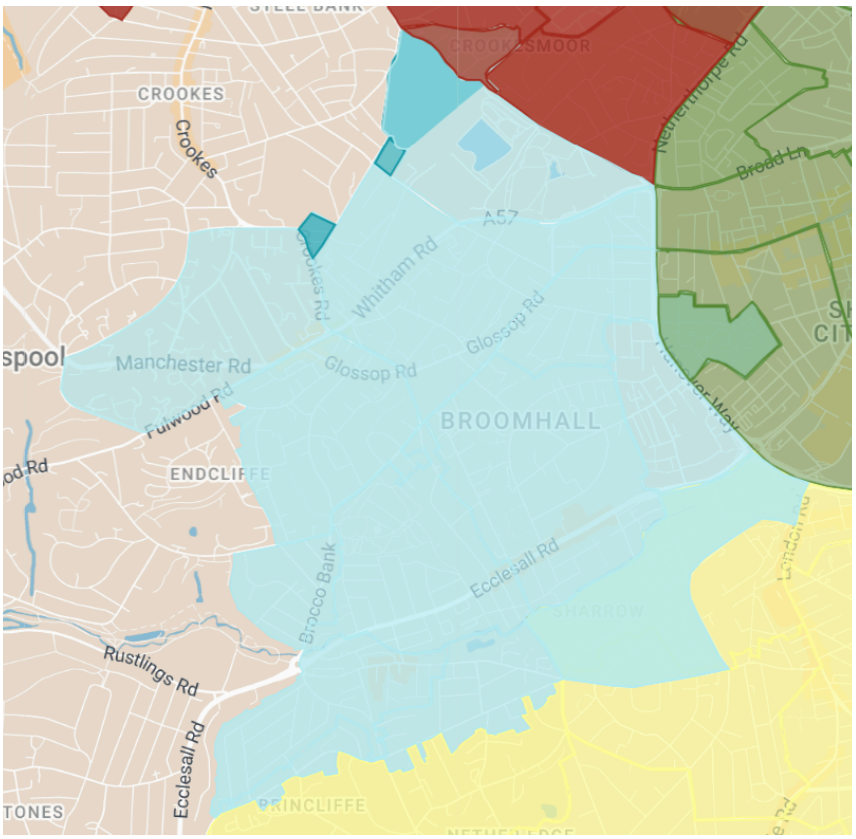

Rationale: This proposal brings together all the communities inside the ring road, with the communities in Kelham Island and Neepsend developments, with all these communities sharing similar demographic and use shared services within the city centre.

Alternatives: No change, 16037 electors (+8.23% deviation)

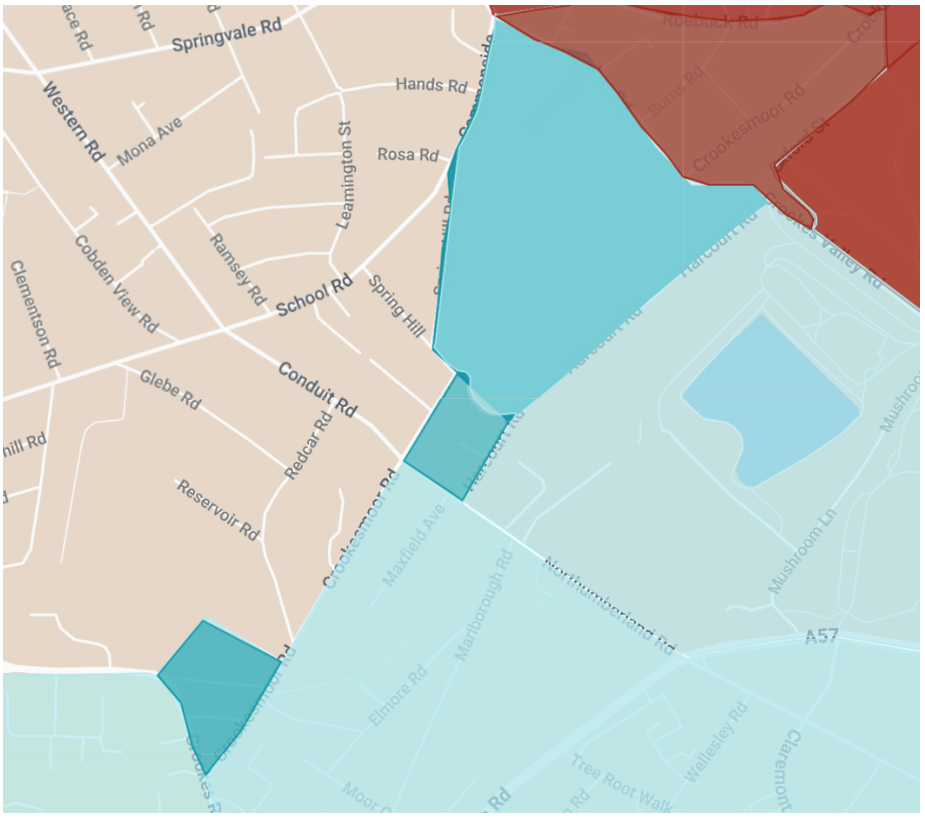

Broomhill and Sharrow Vale

Electors: 15359 electors (deviation from average +3.66%)

Changes: The EJ box is split, with the part inside the ring road being moved into the new City and Kelham Island ward. The EI and EE boxes are split, with the North of Crookesmoor and Harcourt Road being moved to Crookes and Crosspool. The part of EE between Barber Road, Oxford Street and Roebuck Road is moved into Walkley. The TA box from Nether Edge ward will be split, with the parts north of Cemetery Road moving into Broomhill and Sharrow Vale, with the Langdowns estate remain in the new Nether Edge and Highfield ward.

New boundaries of the Broomhill and Sharrow Vale ward

New boundary along Crookesmoor Road and Harcourt Road

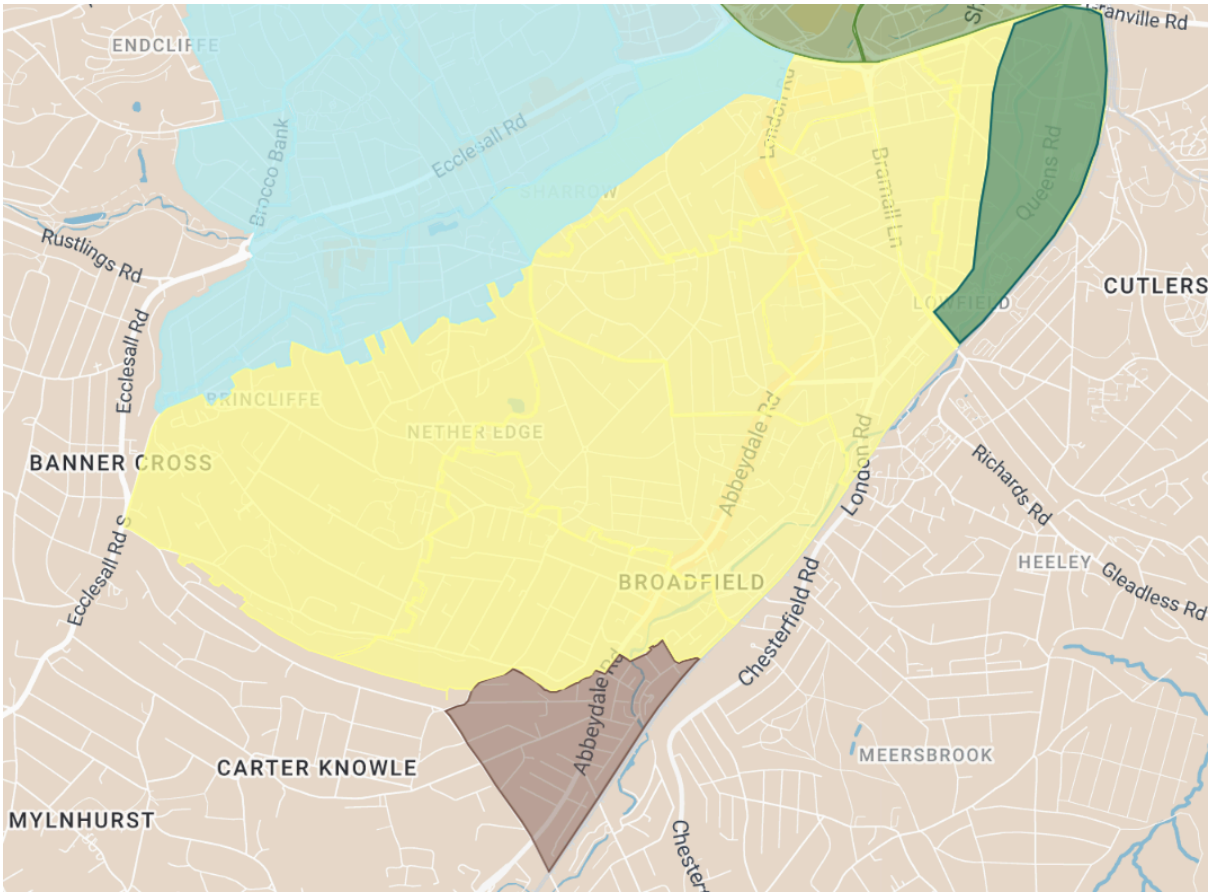

Rationale: These proposals allow all the communities along Ecclesall Road to be within a single ward and removes the part of the ward which falls within the natural barrier of the ring road from the ward. It also unites communities in Crookesmoor and Walkley.

Alternatives: No change, 15720 electors (+6.08% deviation)

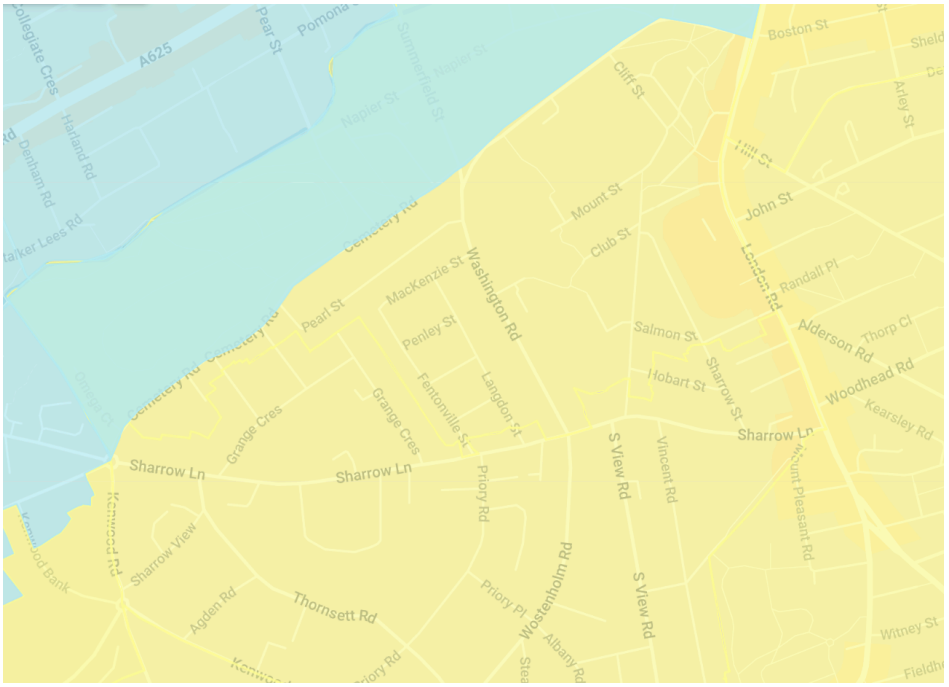

Nether Edge and Sharrow

Electors: 15336 electors (deviation from average +3.50%)

Changes: GB and part of GD from City ward (Highfield area) move into Nether Edge ward, with the TA box being split, with the part north Cemetery Road moving into the Broomhill and Sharrow Vale ward, with the part south of the road remaining in Nether Edge. The TD box moves to Ecclesall.

New ward boundaries for the Nether Edge and Sharrow ward

New boundary along Cemetery Road

Rationale: This proposal retains the ward's historic link to Nether Edge and Langsdown estates, while reuniting the Highfield neighbourhood.

Alternatives: No change, 15860 (+7.03% deviation)
