Comment text:

Related subject: Walkley Ward

Approximately half of Walkley council ward is made up of council housing, with TARAs ranging from Edward st, Netherthorpe, Martin st, Upperthorpe and Langsett.
However, councillors almost always come from the more affluent areas of the ward this can limit their understanding and interest of council housing challenges and council tenant needs.

Difficult to see how this could be solved however, as viewing census 2021 housing tenure map shows these council estates to be surrounded by students and more affluent populations in almost all directions.
