Related subject: Hillsborough, and Firth Park

Hillsborough - the arm to the bottom left of the boundary that runs along Penistone Road feels like it should belong in either Walkley, Burngreave or City Road, accommodation is more towards Kelham island rather than Hillsborough centre which leaves people feeling disconnected.
Firth Park, many people who live in Southey Green or Parson Cross do not connect with Firth Park, they is an argument to call the ward Firth Park and Longley to help those who live in the estates on the edges of the boundary feel more connected, residents around Wincobank chapel feel more connected to Shiregreen (as they view Wincobank as Shiregreen), so may be worth considering this.
