Related subject: Gleadless Valley to Graves Park Ward

Please could consideration be given for Ashbury Drive and it's residents to move to Graves Park Ward?
Having spoken with other residents most things ie, our children's schools, work, shopping, socialising, exercising are all done in Graves Park Ward. By election voting is becoming less and less relevant as my needs are different to those of residents of Gleadless Valley therefore i do find it unfair to vote.
Please could you consider this for discussion?
Thank you.
