Related subject: Council Wards (voting boundaries)

We are residents of Ashbury Drive, [redacted] and we are currently under the voting ward of Gleadless Valley (predominantly S14).
I would like consideration to be given to moving the ward boundary so that we come under the Graves Park ward. The demographics and needs of ourselves and immidiate neighbours are more aligned with the Graves Park ward, than the Gleadless Valley ward. Our hard working councillors are having to focus on the issues of Gleadlees Valley, whilst not ignoring us, but simply prioritising their work load.
The schools / scouts / playgroups / etc that children off our road attend are in the Graves Park ward, not our ward.
